

PROFILE

Creative mind coach. I like offensive and attractive basketball, both for the player and the fans. I have the talent to get the the best out of my players.

I like to compete involving all my players. I do my best to identify myself with the club here I work.

I believe in a ethical, trustful and empowering approach.

I've been a profesional Basketball Coach for more tan 15 seasons. Currently, I run a Basketball Academy to train coaches and players from both a tactical and leadership perspective.

I am actually looking forward to taking new challenges coaching basketball in different countries. I am avaiable and willing to travel and coach abroad.

I love coaching basket taking into account the teaching process as well the competition. I am ready to coach national teams or clubs for the whole season. I get involved in the growth of the organization I work for.

Born in September, 26th of 1969 in Gijón (Asturias).
